Mr. Melodia,

Have you had an opportunity to look at the Consent Decrees in the e-mails below? The deadline for this task is close of business today. If you are not the correct person that I should be contacting for this information please let me know. Also if you have any question, please feel free to contact me.

Thank you,

Mr. Melodia,

Debra Potter, Superfund Information Management Coordinator, has tasked Booz Allen Hamilton to verify and enter, into WasteLAN/CERCLIS, all new and relevant data from the 30 Day Consent Decree (CD) Tracking Report, sent from DOJ.

The most recent report shows multiple CD's with Aeronca, Martin Clarke Entities, and Dick Clarke Entities at Skinner Landfill that were Entered with court on 3/13/2003. Please verify this date and the following information on or before 05/14/2003:

1. WasteLAN indicates that the Regional Approval Dates for the CD's are 01/03/2003; **The CDs were approved/signed by Mr. Muno on 1/2/03, and were transmitted to USDOJ by letter dated 1/6/03. I believe this would make the approval date 1/2/03.**
2. WasteLAN indicates that the Lodged Dates for the CD's are 01/08/2003; and **This date is correct.**
3. WasteLAN indicates that each of these Deminimis CD's are for Cost

Recovery for the following amounts;

- Aeronca \$232,5000
- Martin Clarke Entities \$88,000
- Dick Clarke Entities \$100,500.

**These are the correct amounts.**

If you have any questions regarding this issue, please contact me.

Thank you,
